THE TRADE IN CHICAGO. Chicago, April 14 (Special).-The Liverpool

prices up to 13,03d. a cental, almost 4 cents a bushel on some futures. It was natural enough on this side. But the foreigners did more than merely advance their prices. They made enor nous purchases of cash wheat over night. Leiter alone sold 1,100,000 bushels spot wheat, and, of course, at an advance in prices. Millers here caught some of the enthusiasm, and moderatesized sales of cash were made to them here at two cents over yesterday's prices. Minneapolis reported 80,000 barrels of flour sold. Prices responded to this news in the first hour. July There was a scramble by shorts, led by St Louis again. In the first hour it looked as if Leiter were replacing in July the sales he had Donald and Lester, took about 1,500,000 bushels to Leiter. All the bull news, however, seemed to be on hand at the opening, and the buying Wheat buyers, relying on the war prospect,

were made a little uncertain by the indifferent all the early advance and something in addicents, sold between 89% and 87% cents, and cents under Wednesday. The May for several days past has been more active. Leiter all this week has sold considerable May wheat each day. possibly 500,000 bushels to-day. It opened at \$1.10, sold between \$1.00 and \$1.11%, and closed Leiter brokers supported it just at the windup. Seaboard clearances were 652,000 cars, compared with 271 last year. The addi-

Clearances were 615,000 bushels. The specu lators were the buyers. Cash business from here was about 750,000 bushels. Oats acted very much as corn did, surprisingly indifferent. May opened at 2614 cents, sold be-

tween 26% cents and 26 cents, and closed at 26% cents. May closed just where it did on Wednesday, the September 1/4 cent under Wednesday, at 234 to 234, cents. Receipts were 193 cars, with 190 estimated for Friday. Shipping sales were about 200,000 bushels. The incident of the day was the sale of about 500,000 bushels for May by Counselman-Day, Provisions, which logically should have felt

Provisions, which logically should have felt the war situation as much as wheat, were entirely indifferent to it. There was a slow market, and everything closed under Wednesdaypork 12½ to 15 cents under, lard and ribs 5 cents under. Packers were the sellers, the International leading in it. There were 25,000 hogs, with 19,000 estimated for Friday, and prices at the yards were 5 cents higher. "The Price Current" estimated the stock of meats in the West at 76,000,000 pounds over last year, but the stock of lard at 114,000 tierces less. The packing West for the week was 370,000 hogs, against 230,000 last year. There were fair shipments—1,925,000 pounds cured meats and 1,193,000 pounds lard. The packers are more intent now on cheap hogs than on builling provisions.

On the curb "puts" on July wheat were 86%

provisions.

On the curb "puts" on July wheat were 86% to 86% cents; "calls," 91 cents. The July wheat price, which closed regularly at 87% cents, sold to 88% cents on the curb, influenced by a rumor that the Spanish Minister had been recalled. "Puts" on May corn were 30% cents; "calls," 30% cents. "Puts" on July corn were 31% cents; "calls," 31% to 32 cents.
